#### AUTHORIZED STATEMENT

OF THE PRINCIPLES WHERE THE TREATY MAY EXTEND TO THE FUTURE, AND OF THE CONSEQUENCES  
AND CHANGES ATTENDING TO SUCH SERVICES.

1. THE TARIFF'S RESPONSIBILITY FOR COMING THROUGH ITS TASKS:—(a) *Accommodation and switching*.—For the convenience of its clients, whether importers, exporters or steamer agents, the Port Trust provides and polices accommodations, covered, uncovered, locked or unlocked, as required, for exports in process of transit between ship or lighter and cart or wagon, and for exports in the reverse direction.

(4) *Trust not responsible unless goods are definitely involved in it for custody.*—But the passage of goods into or through the Trust's premises, or the handing of them by the Trust, or the storing of them, for the convenience of its clients, whether under roof or not, or locked or not, does not bring such goods under the liability of the Trust, as contemplated in section 41 (1) of the Western Port Trust Act, unless and until a receipt is issued (thereby as specified in section 60 (1) of that Act, shall have passed from the Trust) to those tendering the goods to it for custody, in accordance with a request by the depositor.

(c) *Goods registered for postage under approval.*—Goods opened by order of the Customs Department or removed by the Trust, under the instructions of the Customs Department, for examination or appraisement, remain at the risk of the owner until, with the permission of the Customs Department, they shall have been returned definitely by the owner to the Trust for custody and a receipt for them shall have been received.

(4) *Conditions of Trust's acceptance of kinship.*—Goods tendered for custody to the Trust as bailment, by importers, exporters or steamer agents, must be tendered at such places and be stacked in such manner as the Trust may appoint for the purpose, from time to time, or may direct to the tenderer.

(d) *Conditions on which export is Trust's custody may pass out*—Exports which have passed into the Trust's custody, as per clause 1 (3) and (4), may not be moved for shipment until the receipt given for them by the Trust to the exporter, or acquittance of equivalent validity, shall have passed to the Trust from the armorer.

2. Balboa's action to restrain commerce—(c) It is *very* *good* by *under*—Under article 15 of its *Act* the Board has the right to load, ship or transport goods between vessels to the port and the wharves, river or docks. But the Board does not at present perform any such services.

(4) To take charge of goods for delivery or storage, and to receive the same, the Board has the option to deliver or to refuse to undertake the reception, removal, forwarding, storage or delivery of goods brought within its premises. The goods of which it consents to take charge, it does not have to receive under section 50 (1) of the Act, to give a receipt if that receipt is required. Nor is it present it need not take charge of the following classes of goods, whether in the open or under such shelter, loaded or unloaded, as may have been placed at owners' or warehouse agents' disposal by the Board, viz:—(a) express not specially selected for custody under clause (1) and for which a receipt has therefore not been granted; (b) iron and steel, the handling of which has been relinquished by the Trust to steamer agents; (c) the stowable roofing sheets of which the handling has been relinquished by the Trust to steamer agents; and (d) the commodities that must be loaded under the Board's consignments to the General cargo stevedores. (5) In the following classes of goods, viz., live produce, coal, coke, oil, salt, stone, lime, explosives, fireworks, gunpowder, and liquid fuel, and, in the case of live produce, manure, and all acids, loaded under the porters.

h. **Portions of income**—(i) *Rent and charge*.—The rates given in Part A of the Trust's Schedule K-1 cover percentage of income by the Trust. Part B of the same schedule shows the percentage of which by the Trust is not covered by the rates given. The rates given in only A do not cover the handling of goods landed outside the harbor. Whereas, at the request of importers, the Trust handles any goods not actually so handled, it will levy an additional charge equal to the amount not covered in such handling, with a return put on as a minimum, and also storage charges if incurred, but will accept no responsibility in respect of cargo so handled.

(b) *Rebated goods*—Whereas the Post Trust agrees with shippers to rebill to the latter the postage of non-deductible outgoing cargo, the rates of inbound duty payable by owners of such cargo will be 4 cents less per ton than those quoted in the authorized lists of rates. This reduction will not, however, apply to the exceptions given above, viz., per "each" whereas the Post Trust agrees with

portage of iron or steel, whether casting or foreign, assigned to others than the Government, the rate of harbour dues thereon will be 2 annas per ton less than that quoted in the above scale of rates.

(4) *Port may select cheapest port of call.*—Should an agreement be made between the Trust and a steamer agent that the latter shall handle cargo exclusively handled by the former, at an agreed rate, both parties to the agreement will be at liberty to arrange, mutually, for the Trust to select those agents and pay to the steamer agent, the agreed rate for portage, without the steamer agent being thereby constituted the Trust's master or agent.

4. *Portage or expenses.*—(1) *Trust pays no expense of cargo's risk.*—The portage of exports by the Trust is not covered by the rates given in the scale. But in order to avoid the confusion that must ensue if the carrying and stowing of exports, passing out for shipment through its sheds and over its piers or wharves, are left to shippers themselves, the Trust arbitrarily handles and carries cargo so passing out, under a general charge of 4 annas per ton, per portage, whether its cargo are sent on one or at the risk of the owner. Should any part of them have been in the Trust's custody, under clause 1 (6), prior to their passing out for shipment, they will already have had such custody under clause 1 (4) before being handled.

(2) *How if owner sends experts.*—Should owners of exports desire to do so, they may, with the Trust's permission, handle their goods themselves, and in that case they will be granted a rebate of 2 annas off the 4-anna charge just mentioned. But such permission will be given for the handling of the whole, not a part, of the cargo covered by one application.

(3) *Shipping experts.*—Experts arriving by road must be unloaded and stacked by owners. Experts arriving by rail, other than coal, kerosene-oil, rough stone, bullock, trucker and such like, will be dealt with as per clause 10 (4)—that is, on behalf of the Railway, the Trust will unload the wagons at, as an alternative, will pay secure 2 annas per ton for doing so.

(4) *Goods shipped in owner's stores.*—Should goods arriving by rail have to be unloaded by the Trust, in the absence of owners, in order to avoid delaying the wagons, the Trust, if asked by the railway to do so, will dutifully take such goods into its custody, under clause 1 (6), giving the railway a receipt for them, pending the owner's arrival and instructions.

(5) *Goods entering the harbour premises by rail, but not shipped, are liable for harbour dues.* Goods transhipped between wagons in the harbour will be treated as export cargo and will be liable for harbour dues and terminal charges, subject to a refund by the Trust of the Railway charge of one pice per wagon on the outgoing railway wagons.

(6) *Condition.*—For the purpose of unloading dues, all exports must be suitably stacked for coast, wharf or wharves at places pointed out by the Trust. No exports may be moved forward for shipment until all dues thereon shall have been paid.

5. *Harbour dues.*—For portage, other than that for exports as per clause 4 (6), dues by the Trust and not covered by harbour dues, the charge will be the actual cost to the Trust of such portage, with 4 annas per ton as a maximum.

6. *Insurance.*—(1) *Of exports.*—On goods not cleared within the six days following the date on which the vessel concerned shall have completed discharges of her cargo, and excluding Sundays and Christmas and Good Friday, daily storage will be charged at the following rates:—

For the first week, or portion thereof:—

(i) On goods whose relative harbour import application scores 50 tons and over	2 annas per ton per day.
(ii) On goods whose relative harbour import application scores 100 tons and over, but less than 500 tons	4 annas "
(iii) On goods whose relative harbour import application scores less than 100 tons.	5 annas "

For the second week or portion thereof—twice the above rates

For the third week and succeeding weeks, or portion thereof—three times the rate for the first week.

On wines and spirits in bulk storage will be charged at half the above rates. On wines and spirits in cases storage will be charged at double the above rates.

(2) *Of exports.*—Exports may stand within the Trust's premises, free of storage charges, for a period of six days, excluding Sundays and Christmas and Good Friday, before they are moved to port of the vessel in which shipment is effected, with, in addition, the days the vessel remains in port. For periods longer than the aforesaid free days, storage will be charged at the following rates:—

For the first week or portion thereof, 1 anna per ton per day.

For the second week or portion thereof, 2 annas per ton per day.

For each of the third and following weeks, or portion thereof, 4 annas per ton per day.

No free days will be allowed for goods, received by an application, brought for export into the Trust's premises but subsequently removed without having been shipped. But shipments sent out by a vessel through no fault of the shipper, if removed from the premises, will receive the benefit of the free period as if the goods had been shipped.

(3) *Condition.*—After storage charges begin to accrue, no allowance will be made for Sundays or holidays. But the above storage rates will be charged if goods are stored in the open without covering of tarpaulin or roof. Goods remaining unshipped at the expiry of the free days will be liable to the "actual portage" fee specified in clause 4, if shifted by the Trust to the interests of cargo generally.

7. *Storage space.*—(1) *Allocation of space.*—Persons requiring to rent storage space on the Trust's premises may obtain it, if available, by making application, in writing, prior to the deposit of the goods, for a permit in the form prescribed by the Trust free from time to time. But it will be in the Trust's discretion to consent or to refuse to allot such space. Special space may not be sublet.

(2) *Owner's risk.*—In applying to let store goods as space available for rent, owners must state that they understand that they accept all risk and responsibility for goods so stored.

(3) *Open space.*—For rough goods stored in the open, such as coal, soda, materials, timber, soap, iron, brasses, aluminium, stone, etc., rent will be charged for it at the rate of 2 annas per day per 1,000 square feet allotted, or portion thereof.

13. **Overseas working.**—Overseas agents or others, who require business to be done outside the Trust's ordinary working hours shall put in a regular application for such overtime working, not later than 2 P.M. on the same day, or on the case of Sundays and holidays as the previous working day, and shall pay to the Trust overtime fees on the following scale, whether accordingly they either cargo during such outside hours or not:—

Services to be paid for	Sundays and gazetted holidays.		
	5-10 hrs.	Half a day	A full day.
Employing services of the yard open for merchants' letters, per letter.	10	10	20
Keeping a section of the yard open for the Trust's business, per section.	10	10	20

But no charge shall be made for keeping a gate open for the passage of export goods to shed loaded to merchants under clause 7 (C).

14. **Rebates.**—(a) **Imports.**—Applications for rebates of dues paid on imports, or on goods intended for export but not loaded, will not be considered unless submitted within three months from the date of the arrival of the vessel from which the goods in question were loaded or unloaded to be landed.

(b) **Exports.**—Applications for rebates of dues paid on exports, or on goods intended for export but not shipped, will not be considered unless submitted within one month from the date of the departure of the vessel concerned, and in the case of shipped goods rebates will only be made on point of short shipment.

(c) **Ways of which the rate is per "deck."**—When goods have been paid dues at a rate quoted per cwt in the scale, and then fail to be landed or to be shipped, one-fourth of the dues so paid shall be returned by the Trust when making a refund, if the goods have been craned by the Trust.

(d) **Exports that have not entered the Trust's possession.**—Rebates for rebates of dues paid on goods intended for export but that have not entered the Trust's possession must be made within one month from the date of the departure of the vessel referred to in the application for permission to ship.

15. **Dues, and discounts.**—Harbour dues, as well as charges if incurred, will be local on the gross tonnage of each passage. Dues on coal and coke will be levied on the measured tonnage of the vessel's cargo. In calculating the charges leviable under this scale of rates on any one item, all half areas or fractions of less than half an area will be treated as one area, all half areas exceeding half area will be treated as one area. Similarly, in calculating the tonnage of any one item, a load of less than 5 cwt will be treated as 5 cwt; a load of over 5 cwt, and up to half a ton will be treated as half a ton; a load of over half a ton and up to 10 cwt. will be treated as 10 cwt; while a load exceeding 10 cwt and up to 1 ton will be calculated as 1 ton. Fractions of measurement tonnage will be similarly treated.

16. **Porter's remuneration.**—To be paid ship's fringes, damage, and provisions for the use of ships sailing or frequenting the port need not pay harbour dues, but will have to pay for special services, if rendered.

17. **Harbour charges.**—If the aggregate of all charges payable to the Trust in respect of any one consignment shall amount to less than 4 annas, a charge of 4 annas will be levied for that consignment. "Consignment" means the goods consigned by one importer or exporter "application." If storage is incurred and amounts to less than 2 annas, a charge of 2 annas will be levied as storage on the consignment concerned.

18. **Government stores.**—For all Government stores, except acids, explosives, and, oils and timber to which the schedule rates in list B will apply, a uniform rate will be charged of Rs. 2 per ton of 10 cwt or per ton of 10 cubic feet, whichever is all freight. This rate does not include storage, which will be levied at the usual rates. Whenever the Port Trust reflects the percentage of the Government stores other than the exceptions above referred to, the same of harbour dues for such stores will be Rs. 1-15-0 per ton instead of Rs. 2. The barges of troops, unloading and discharging will be covered by a charge of 4 annas per (ton) on soldiers and followers. All regional and mess stores and officers' charges will be charged at schedule rates.

19. **Passenger's luggage toll.**—All steamer landing or unloading third class passengers at Madras shall pay to the Port Trust a toll of 4 annas per head of third class passengers. In return the Port Trust will either bring such steamer alongside a quay or arrange for the landing of the passengers in boats free of charge. The Master or Agent of every such vessel must submit to the Trust a copy of his passenger-list in support of the amount paid.

20. The following are the rules for collecting dues on cargo landed at the port of Madras from vessels in distress:—

(a) All cargo to pay import harbour dues on landing except such cargo as may already have paid export harbour dues at Madras and may not have been carried to its destination.

(b) All cargo to pay cargo both on land, and storage while on the Trust's premises, at the usual rates.

(c) Cargo found sound, and re-shipped without having left the Trust's premises, to be exempt from further export harbour dues.

(d) Where marks are indistinguishable and the cargo is loaded in bulk, or under such conditions that the tonnage is not readily ascertainable, the licensed carrying capacity of the ship that brings the cargo to shore to be taken as the tonnage, a proportionate reduction being made for half loads. Where marks are indistinguishable and the cargo is loaded in a bag in bulk or under such conditions that the tonnage is not readily ascertainable, the measurement to be made by actual netted contents at 60 cubic feet to the ton.

The attention of Indian students is drawn to the following two notices with regard to admission to the Law of Great Britain—

I. The deposit payable on admission has been raised from £50 to £100 at Lincoln's Inn, Middle Temple and Gray's Inn. The payment on admission therefore given on page 17 of the 19th edition of the Handbook should be altered to £100, £100-7-6, £100-7-6 in the case of those three Inns respectively.

II. The certificate mentioned at the bottom of page 16 of the 19th edition of the Handbook are of two kinds—(1) Testimonials of ability and good character from the Professors and Teachers, whether in a College or a School, and (2) a certificate signed by one or two responsible persons, whether Government officials or otherwise, who can speak to the character and standing of himself and his family.

In each case, the gentleman giving the certificate should state for how long he has known the applicant and what opportunities he has had of forming an opinion. In general, he should be able to speak to any particular outstanding over a period of at least one year.

When the student has received these certificates, he should take them in person or forward them to the Secretary, Madras Students' Advisory Committee. It is important that the applicant should send the certificate through the Madras Secretary, as otherwise he is liable to have to wait in London while a reference is being made to Madras by the Secretary at the India Office.

The wind, rain, and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 56.08 inches, the average due for the same period being 48.05 inches.

**BILLS to be introduced into the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.**

Under rule 13 of the rules for the conduct of business at meetings of the Council, the following Bills, with their Statements of Objects and Reasons, are published for general information:—

No. 1 of 1914.

*A Bill to amend the Madras Land Revenue Assessment Act, 1876.*

WHEREAS it is expedient that persons other than District Collectors should be authorized to exercise the powers and perform the duties referred to in the Madras Land Revenue Assessment Act, 1876; It is hereby enacted as follows:—

1. This Act may be called "The Madras Land Revenue Assessment (Amendment) Act, 1914."

2. The words "Collector of the district" and "Collector" in Madras Act I of 1876 shall include and be deemed to have always included any officer specially empowered by Government to exercise the functions of a District Collector in respect of allotted portions of any estate.

## STATEMENT OF OBJECTS AND REASONS.

By G.O. No. 3308, Reserve, dated 18th December 1911, a Deputy Collector was entrusted with the duty of appraising assessed upon alienated portions of the Vainamagoten estate. This appointment was made at the request of the manager of the estate and because it was considered that the work would be too heavy for the Collector to carry out with his ordinary establishment. The latest report available shows that the Special Deputy Collector has already received 5,900 applications for separate registration, that various inquiries have already been conducted by him and that about 6,000 more applications are expected. The Government have, however, been advised that the Madras Land Revenue Assessment Act, 1876, does not authorize any person other than the District Collector to receive and dispose of applications for separate registration, and it is therefore proposed to remove this legal defect in order to obviate the necessity for doing over again work which has already been done and to relieve the Collector of a mass of work with which it is beyond his power to cope.

W. FRANCIS,

*Ag. Secretary to Government, Legislative Dept.*

## No. 2 of 1914.

and the Madras Proprietary Estates' Village-service Act, 1894.

## A Bill

WHEREAS it is expedient to amend the Madras Proprietary Estates' Village-service Act, 1894; It is hereby enacted as follows:—

1. This Act may be called the Madras Proprietary Estates' Village-service (Amendment) Act, 1914.

2. In this Act, section, sub-section or clause means a section, sub-section or clause respectively of the Madras Proprietary Estates' Village-service Act, 1894.

3. Sub-section (3) of section 6, sections 18, 19, 20, 21, 22, 23, 24, 25, 26 and 28 are hereby repealed.

4. At the end of the first paragraph of section 2 shall be inserted the words "and may at any time cancel or modify any such notification."

5. At the end of the first paragraph of section 17 for the words "on or after the date fixed in the notification issued under section 19 for the levy of a village-service cess" shall be substituted the words "from such date as the Government may notify."

6. In section 27 for the figure "19" shall be substituted the figure "17" and the words "and the payments made along with the permanent assessment shall be credited to the Proprietary Estates' Village-service Fund" at the end of clause (2) shall be omitted.

7. In section 29 for the figure "19" shall be substituted the figure "17" and the words "from the aforesaid fund of the district in which the estate is situated" shall be omitted.

8. In section 30 for the figure "19" shall be substituted the figure "17."

9. In section 31, clause (c) shall be omitted.

10. In section 32, clauses (viii) and (ix) shall be omitted.

11. For section 33 shall be substituted the following: "No civil court shall have authority to take into consideration or decide any question regarding the rates or amounts of the quit-rents or payments under section 25 imposed or levied under this Act."

## STATEMENT OF OBJECTS AND REASONS.

The majority of the amendments proposed are consequent on the repeal of the Proprietary Estates' Village-service Act and the abolition of the separate fund from which estate accounts have hitherto been paid.

The other amendments are as follows:—

In clauses 3, 10 and 11 so far as they refer to section 18 of the Act, opportunity has been taken to comply with the request of some proprietors that they should be relieved of the burden of collecting the quit-rents imposed on the service lands when they are subleased. The Government think that this request is reasonable and that it will be appropriate in future to collect these dues direct from the tenants under the provisions of the Revenue Survey Act, 1904, by the agency of the village headmen who will now be paid from general Provincial revenue.

Clause 4.—The Act has now been extended to all estates in this Presidency, but cases have occurred where it would be convenient for administrative purposes to combine small lease villages with Government villages under one establishment. Opportunity has therefore been taken specially to empower the Government to withdraw the Act from any village to which it has been extended.

As village-service cess was abolished in 1912 and the enforcement of the service lands as had to be suspended until the consequent amendments are made in the law. It is therefore desirable that this Bill should be passed into law at once.
